## APRIL & MAY PRAYER LETTER

### DEAR FAITHFUL SUPPORTERS & PRAYING PARTNERS,

**GREETINGS;** There is so much to tell since my last prayer letter but only a small amount of space and time to share with you. I will begin by telling you how The Lord blessed on the 16<sup>th</sup> floor. While visiting the young men up there a young man was very hostile towards me. I ask the Lord to help me witness to him, and then I remember that I have some crosses. That my wife and daughter and another Sister in Christ have made to give so I handed him one, he looked at it then he asks. Is this for me? Where did it come from? I explain to him where they came from and he looked at me and sat down and for the next forty-five minutes we talked. The best part is he gave his life to Christ, he prayed and asks The Lord to forgive him. Since then he has shipped out to another institution, but before he left he let me know that "they did not have no power over him". This young man was part of a gang but now he belongs to another **Family**. THE CROSS-MADE THE DIFFERENCE IN ME AND YOU!!!

Or maybe I should tell you about a 17 year old who was on 15<sup>th</sup> floor (this is medical). The young man was on suicide watch. The young man would not even look at me for the first ten minutes while trying to talk to him through a food tray door. After thirty minutes he finally set up. I want you to understand all he had to cover his nakedness was a blanket. He had been stripped down and was not allowed any clothing at all. (I am glad that one day I was stripped down to nothing so that I may see myself as helpless and hopeless). This 17-year-old did not have any hope he had not heard from any family since his incarceration. I began to share with him about that blessed hope the Lord Jesus Christ. To make along story short he asks the Lord to save him and now he has Hope. When any one has Hope of a better day that someone loves and cares for them. They are able to face tomorrow. I called him to my office the other day to see how he was doing he was smiling he had received a Letter from home.

Then again I could tell you about 46 new arrivals who came to the Orientation service you read right forty-six. Forty-six families affected by **SIN**. But there is good news from Calvary (12) twelve young men prayed and ask the Lord to forgive them and save them. But then there is the other side; I had a very hard task to do. The other day I talk to three young men who had deaths in their family. One young man his older brother 19yrs.old was killed by a Drunk Driver in a head on collision. He sat there crying and asking "WHY". Please when I ask for your Prayers I need them, so that the Lord would lead me to say the right thing and to give them Comfort from The Word Of God. There are other young men I could write about but space and time will not allow. The things you have read today were all made possible by your Prayers and Financial giving so that "**Others**" may come to know Him and the peace He gives. **(John 14:27) In all there have been over (17) seventeen decisions for Christ the last two months.**

I do have a special Prayer Request. In the mist of Blessings there is Battles, our oldest daughter Carissa the Doctors discovered a cyst on her spleen it is pushing in on the top part of the stomach. This is causing her to be nausea feeling and she has lost weight due to this. She is schedule to have surgery on June 11<sup>th</sup> 02 to have it removed. Please Pray for her and the rest of my family. I realize some may get this letter after the surgery date but you can still pray for her quick recover. I also need your Prayers concerning a physical problem I am having I have blacked out several times while sitting. I do not yet know why. I went the other day had a Tilt Test the test did not show anything. Please Pray.

Respectfully,

LONNIE BROWN
